

## **Return to Practice Policy**

Below are the guidelines as to the requirements of a full member returning to IFPA membership after a break in practise or membership.

If you have not practised for 1 year you must complete 1 day of return to practise CPD before you apply to IFPA. If you have not practised for 2-3 years you must complete 2 CPD days. If you have not practised for more than 3 years you must complete a full refresher/upgrade programme with an IFPA accredited aromatherapy training school. A complete list of IFPA accredited schools can be found on our website - <https://members.ifparoma.org/Find-A-School> Evidence should be submitted with the written application.

These days are additional to the usual CPD evidence required by all members.

This also applies to any Non-practising members who are qualified to IFPA level and would like to upgrade to Full membership.

Any other upgrade requirements remain as before.

Any queries regarding this policy should be sent to [admin@ifparoma.org](mailto:admin@ifparoma.org) or you may call 01455 637987 Monday to Friday between 9am and 5pm.
